**colour and therapy lounge: Blindsight** Peter Watts, 2006-10-03 Hugo and Shirley Jackson award-winning Peter Watts stands on the cutting edge of hard SF with his acclaimed novel, Blindsight Two months since the stars fell... Two months of silence, while a world held its breath. Now some half-derelict space probe, sparking fitfully past Neptune's orbit, hears a whisper from the edge of the solar system: a faint signal sweeping the cosmos like a lighthouse beam. Whatever's out there isn't talking to us. It's talking to some distant star, perhaps. Or perhaps to something closer, something en route. So who do you send to force introductions with unknown and unknowable alien intellect that doesn't wish to be met? You send a linguist with multiple personalities, her brain surgically partitioned into separate, sentient processing cores. You send a biologist so radically interfaced with machinery that he sees x-rays and tastes ultrasound. You send a pacifist warrior in the faint hope she won't be needed. You send a monster to command them all, an extinct hominid predator once called vampire, recalled from the grave with the voodoo of recombinant genetics and the blood of sociopaths. And you send a synthesist—an informational topologist with half his mind gone—as an interface between here and there. Pray they can be trusted with the fate of a world.

They may be more alien than the thing they've been sent to find. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

In a country town, a woman plots to ruin her rival with an act steeped in racism. A welfare worker is asked to spy on a colleague. And in the award-winning title story, a taxi driver accepts a fare he knows he shouldn't: They headed east, the nude hills of the Geraldton plains, stripped of their trees a century before, leaning into them on both sides as the car climbed into the marginal country. Behind him, Luke heard the gurgle of fluid sluicing out of a bladder and into a cup, smelt the sweet stink of cheap wine. It occurred to him that it was not too late to turn back.

**colour and therapy lounge:** *How to Create Positive Energy in Your Space* Kasi Kaye Iliopoulos, 2016-07-12 Spiritualists cannot effectively refine their soul frequencies in an environment that does not match their soul vibration. The energy that is outside of us does affect our energy field and therefore our soul vibration. Being aware means that you understand this and take action to address it. In *How to Create Positive Energy in Your Space*, author Kasi Kaye Iliopoulos explains how you can assess your physical environment and its energetic imprint by looking at the location and structure and harmonising it by crystal gridding and Himalayan Salt placement to combat discord and electromagnetic smog. She also reveals the impact that previous residents, neighbours, and the past have on the present and describes ways to shift discordant energy by decluttering, cleansing, and interior design. Through the use of colour therapy, chakras, plants, flowers, aromas, sound, sacred geometry, and symbology, you can manifest light and positive energy in your home and space. These methods can help you continue on your path of restoring to your original soul template and living the life you came here to experience. This guide presents ways to evaluate the energetic imprint of the spaces around you and transform them into positive and helpful environments for you to inhabit.

Goodreads Choice Winner, Best Young Adult Fiction of 2019 In this #1 New York Times bestselling novel that's perfect for fans of John Green's *The Fault in Our Stars*, two teens fall in love with just one minor complication—they can't get within a few feet of each other without risking their lives. Can you love someone you can never touch? Stella Grant likes to be in control—even though her totally out of control lungs have sent her in and out of the hospital most of her life. At this point, what Stella needs to control most is keeping herself away from anyone or anything that might pass along an infection and jeopardize the

possibility of a lung transplant. Six feet apart. No exceptions. The only thing Will Newman wants to be in control of is getting out of this hospital. He couldn't care less about his treatments, or a fancy new clinical drug trial. Soon, he'll turn eighteen and then he'll be able to unplug all these machines and actually go see the world, not just its hospitals. Will's exactly what Stella needs to stay away from. If he so much as breathes on Stella, she could lose her spot on the transplant list. Either one of them could die. The only way to stay alive is to stay apart. But suddenly six feet doesn't feel like safety. It feels like punishment. What if they could steal back just a little bit of the space their broken lungs have stolen from them? Would five feet apart really be so dangerous if it stops their hearts from breaking too?

**colour and therapy lounge: Legendborn** Tracy Deonn, 2020-09-15 An Instant New York Times Bestseller! Winner of the Coretta Scott King - John Steptoe for New Talent Author Award Filled with mystery and an intriguingly rich magic system, Tracy Deonn's YA contemporary fantasy reinvents the King Arthur legend and "braids together Southern folk traditions and Black Girl Magic into a searing modern tale of grief, power, and self-discovery" (Dhonielle Clayton, New York Times bestselling author of *The Belles*). After her mother dies in an accident, sixteen-year-old Bree Matthews wants nothing to do with her family memories or childhood home. A residential program for bright high schoolers at UNC-Chapel Hill seems like the perfect escape—until Bree witnesses a magical attack her very first night on campus. A flying demon feeding on human energies. A secret society of so called "Legendborn" students that hunt the creatures down. And a mysterious teenage mage who calls himself a "Merlin" and who attempts—and fails—to wipe Bree's memory of everything she saw. The mage's failure unlocks Bree's own unique magic and a buried memory with a hidden connection: the night her mother died, another Merlin was at the hospital. Now that Bree knows there's more to her mother's death than what's on the police report, she'll do whatever it takes to find out the truth, even if that means infiltrating the Legendborn as one of their initiates. She recruits Nick, a self-exiled Legendborn with his own grudge against the group, and their reluctant partnership pulls them deeper into the society's secrets—and closer to each other. But when the Legendborn reveal themselves as the descendants of King Arthur's knights and explain that a magical war is coming, Bree has to decide how far she'll go for the truth and whether she should use her magic to take the society down—or join the fight.

**colour and therapy lounge: Namibia** Chris McIntyre, 2019-08-05 This new thoroughly updated edition of Bradt's Namibia remains the essential guide for a successful visit to this vast country - more than twice the size of Germany but with less than 3% of the population. Written by expert author and long-standing tour specialist Chris McIntyre, this sixth edition incorporates all the most recent changes, including unrivalled coverage of places to stay and eat, from small, personal guesthouses to classy hotels and upmarket game lodges, and detailed information for self-drivers (including personally researched and checked GPS coordinates) as well as for fly-in and guided safaris. There's also in-depth coverage of wildlife and where to see it, including a new full-colour wildlife field guide section, covering mammals, reptiles and amphibians, marine life and birds. Two background chapters covering everything from history and politics to people, ethnic groups and culture are complemented by two chapters on planning, preparation, health and safety and two on the practicalities of getting around and camping and walking in the bush (including canoeing). Helping you to discover Namibia in detail, 13 chapters offer a regional breakdown, from the capital, Windhoek to the Southern Kalahari, Namib desert, Swakopmund, Skeleton Coast, Etosha National Park, and the Kavango and Zambezi regions in the extreme northeast, including excursions into neighbouring Botswana. With sweeping landscapes and empty roads, Namibia has long captured the imaginations of travellers and photographers. Its immense emptiness offers majestic sand dunes, seemingly endless gravel plains, vast tracts of farmland and rugged mountains hiding galleries of ancient Bushman rock art. Add to this the wildlife and the unexpected beauty of the rivers that define the country's northern and southern boundaries, and it's easy to see why Namibia attracts lovers of the great outdoors.

**colour and therapy lounge:** *An Epic Swindle* Brian Reade, 2014-08-12 An Epic Swindle is the inside story of how Liverpool FC came within hours of being re-possessed by the banks after the shambolic 44-month reign of American owners Tom Hicks and George Gillett. It is the tale of a civil war that dragged Britain's most successful football club to its knees, through the High Court and almost into administration. Players Steven Gerrard and Jamie Carragher tell of their anger at the broken promises, as well as their pain at watching loyal fans in open revolt. Manager, chief executive, board members, leading fans and journalists reveal the turmoil at a revered sporting institution run by two men at war with each other, who trampled Liverpool's cherished traditions into the gutter. No story sums up the naked greed at the heart of modern football quite like Hicks' and Gillett's attempt to turn a buck at Liverpool. No-one has had as much access to the truth, or tells it with as much passion, wit and insight as Brian Reade. An Epic Swindle is the riveting story of how close one of the great football clubs came to financial implosion.

In 1955, eighteen-year-old Janet Jones keeps the love she shares with her best friend Marie a secret. It's not easy being gay in Washington, DC, in the age of McCarthyism, but when she discovers a series of books about women falling in love with other women, it awakens something in Janet. As she juggles a romance she must keep hidden and a newfound ambition to write and publish her own story, she risks exposing herself—and Marie—to a danger all too real. Sixty-two years later, Abby Zimet can't stop thinking about her senior project and its subject—classic 1950s lesbian pulp fiction. Between the pages of her favorite book, the stresses of Abby's own life are lost to the fictional hopes, desires, and tragedies of the characters she's reading about. She feels especially connected to one author, a woman who wrote under the pseudonym "Marian Love," and becomes determined to track her down and discover her true identity. In this novel told in dual narratives, New York Times—bestselling author Robin Talley weaves together the lives of two young women connected across generations through the power of words.
