dele alli gary neville interview: José Mourinho Kaszás Levente, 2024-11-12 José Mourinho minden bizonnyal az egyetemes futball egyik legnagyobb edzőjeként kerül majd be a történelemkönyvekbe. A középszerű focista karrierjét maga mögött hagyó portugál az európai klubfutball legnagyobb trófeáit tudta bezsebelni – némelyiket többször is. Az utóbbi években azonban Mourinho renoméja megkopott és már egyre nehezebben tudja felkelteni a legnagyobb sztárklubok érdeklődését. A Real Madridtól történő távozását követően José a Chelsea-nél, a Manchester Unitednél, a Tottenhamnél, valamint a Románál is tevékenykedett, jelenleg pedig a török első osztályban szereplő Fenerbahçe vezetőedzője. Ezen könyv részletesen megvizsgálja a portugál tréner időszakait a fentebb megnevezett kluboknál és igyekszik kideríteni, milyen okok eredményezték azt, hogy a világ legnépszerűbb csapatai után Mourinhónak már „csak” a török ezüstérmes jutott. Emellett pedig José legnagyobb vihart kavarázó nyilatkozatai is terítékre kerülnek a saját játékosaival, főnökeivel és a játékvezetőkkel való balhéi mellett.

dele alli gary neville interview: Access to Knowledge in the Age of Intellectual Property Gaëlle Krikorian, Amy Kapczynski, 2010 A movement emerges to challenge the tightening of intellectual property law around the world. At the end of the twentieth century, intellectual property rights collided with everyday life. Expansive copyright laws and digital rights management technologies sought to shut down new forms of copying and remixing made possible by the Internet. International laws expanding patent rights threatened the lives of millions of people around the world living with HIV/AIDS by limiting their access to cheap generic medicines. For decades, governments have tightened the grip of intellectual property law at the bidding of information industries; but recently, groups have emerged around the world to challenge this wave of enclosure with a new counter-politics of access to knowledge or A2K. They include software programmers who took to the streets to defeat software patents in Europe, AIDS activists who forced multinational pharmaceutical companies to permit copies of their medicines to be sold in poor countries, subsistence farmers defending their rights to food security or access to agricultural biotechnology, and college students who created a new free culture movement to defend the digital commons. Access to Knowledge in the Age of Intellectual Property maps this emerging field of activism as a series of historical moments, strategies, and concepts. It gathers some of the most important thinkers and advocates in the field to make the stakes and strategies at play in this new domain

visible and the terms of intellectual property law intelligible in their political implications around the world. A Creative Commons edition of this work will be freely available online.

dele alli gary neville interview: **Travelers Rest** Keith Lee Morris, 2016-01-05 A chilling fable about a family marooned in a snowbound town whose grievous history intrudes on the dreamlike present. The Addisons -- Julia and Tonio, ten-year-old Dewey, and derelict Uncle Robbie -- are driving home, cross-country, after collecting Robbie from yet another trip to rehab. When a terrifying blizzard strikes outside the town of Good Night, Idaho, they seek refuge in the town at the Travelers Rest, a formerly opulent but now crumbling and eerie hotel where the physical laws of the universe are bent. Once inside the hotel, the family is separated. As Julia and Tonio drift through the maze of the hotel's spectral interiors, struggling to make sense of the building's alluring powers, Dewey ventures outward to a secret-filled diner across the street. Meanwhile, a desperate Robbie quickly succumbs to his old vices, drifting ever further from the ones who love him most. With each passing hour, dreams and memories blur, tearing a hole in the fabric of our perceived reality and leaving the Addisons in a ceaseless search for one another. At each turn a mysterious force prevents them from reuniting, until at last Julia is faced with an impossible choice. Can this mother save her family from the fate of becoming Souvenirs -- those citizens trapped forever in magnetic Good Night -- or, worse, from disappearing entirely? With the fearsome intensity of a ghost story, the magical spark of a fairy tale, and the emotional depth of the finest family sagas, Keith Lee Morris takes us on a journey beyond the realm of the known. Featuring prose as dizzyingly beautiful as the mystical world Morris creates, *Travelers Rest* is both a mind-altering meditation on the nature of consciousness and a heartbreaking story of a family on the brink of survival.

dele alli gary neville interview: Brave New World Guillem Balague, 2017-10-26 The Sunday Times Bestseller The exclusive behind-the-scenes story of the Mauricio Pochettino revolution at Spurs, told in his own words Since joining the club in 2014, Mauricio Pochettino has transformed Tottenham from underachievers into genuine title contenders. In the process, he has marked himself out as one of the best managers in the world. He has done so by promoting an attacking, pressing style of football and by nurturing home-grown talent, fully endearing himself to the Spurs faithful along the way. Guillem Balagué was granted unprecedented access to Pochettino and his backroom staff for the duration of the 2016-17 season, and was therefore able to draw on extensive interview material with Pochettino, his family, his closest assistants, players such as Dele Alli and Harry Kane, and even a very rare conversation with Daniel Levy to tell the manager's story in his own words. From Pochettino's early years as a player and coach to his transformation of Tottenham into one of the best teams in England, the book uniquely reveals the inner workings of the man and of his footballing philosophy. It also lays bare what it takes to run a modern-day football team competing at the highest level over the course of a single campaign. The result is the most comprehensive and compelling portrait of a manager and of a club in the Premier League era.

dele alli gary neville interview: **Red: My Autobiography** Gary Neville, 2011-09-01 No player has been more synonymous with the glory years of Manchester United Football Club over the past two decades than right-back Gary Neville. An Old Trafford regular since he attended his first match at the age of six, captain of the brilliant 1992 FA Youth Cup-winning team that became known as 'Fergie's Fledglings', outspoken representative of MUFC, Neville is the ultimate one-club man. He has been at the heart of it all and, at the end of an amazing career, is now ready to tell it all. Authoritative, insightful, fearless and never less than 100% honest, no-one has better credentials for documenting the story of United under Sir Alex Ferguson. Neville reveals the behind-the-scenes secrets of his early days with the likes of Giggs, Scholes and his best mate David Beckham; what it was like to play with Cantona, Keane and Ronaldo; the Treble in 1999; and of course an entire career

of playing for the greatest manager in the game. Then there are all his experiences with England, from being the youngest starter at Euro 96 when football came home, to the ups and downs of five major championships and seven managers - Venables, Hoddle, Wilkinson, Keegan, Eriksson, McClaren and Capello. There are opinions and analysis on Gazza, Rooney, WAGs and the true story of the FA and Rio Ferdinand. For twenty glorious years, Gary Neville has worn his heart on his sleeve. This is his story.

dele alli gary neville interview: Indonesia's Secret War Robin Osborne, 1985 This book describes the historical development of the Irian Jaya guerrilla struggle for independence from Indonesia. The OPM, Organisasi Papua Merdeka, has been fighting Indonesian rule in West New Guinea since 1969; the military presence there was established in 1962. The author believes that the great majority of West Papuans support the OPM. The Indonesian Transmigration programme has forcibly alienated clan land and sponsored settlers from Java. As a result of this policy 10,000 Papuans fled Irian Jaya in mid-1984 to seek safety in Papua New Guinea. The exodus was more than 1 per cent of the indigenous population. The OPM has almost no foreign allies. Both Papua New Guinea and Australia emphasize that Irian Jaya is part of Indonesia and thus an internal matter. The author predicts that greater autonomy for Irian Jaya would be more likely to result from political pressure on Jakarta than from a military victory by OPM.

dele alli gary neville interview: *The United States and Iran* James F. Goode, 2016-07-27 This study presents an analysis of US-Iranian relations in the twentieth century, with particular attention to the crisis over nationalization of British oil interests at midcentury. As such, it focuses on the career of Muhammad Musaddiq, who struggled during those years to free his country from foreign influence, and whose memory continued to haunt bilateral relations with the United States up to the Iranian revolution. Throughout, it examines Anglo-American views of Iranians (and by implication of other non-Westerners) which affected - and still affect - the conduct of international relations.

dele alli gary neville interview: *Rhetorics of Whiteness* Tammie M Kennedy, Joyce Irene Middleton, Krista Ratcliffe, 2016-12-21 Winner, CCCC Outstanding Book Award in the Edited Collection Category, 2018 With the election of our first black president, many Americans began to argue that we had finally ended racism, claiming that we now live in a postracial era. Yet near-daily news reports regularly invoke white as a demographic category and recount instances of racialized violence as well as an increased sensitivity to expressions of racial unrest. Clearly, American society isn't as color-blind as people would like to believe. In *Rhetorics of Whiteness: Postracial Hauntings in Popular Culture, Social Media, and Education*, contributors reveal how identifications with racialized whiteness continue to manifest themselves in American culture. The sixteen essays that comprise this collection not only render visible how racialized whiteness infiltrates new twenty-first-century discourses and material spaces but also offer critical tactics for disrupting this normative whiteness. Specifically, contributors examine popular culture (novels, films, TV), social media (YouTube, eHarmony, Facebook), education (state law, the textbook industry, dual credit programs), pedagogy (tactics for teaching via narratives, emotional literacy, and mindfulness) as well as cultural theories (concepts of racialized space, anti-dialogicism, and color blindness). Offering new approaches to understanding racialized whiteness, this volume emphasizes the importance of a rhetorical lens for employing whiteness studies' theories and methods to identify, analyze, interpret, and interrupt representations of whiteness. Although whiteness studies has been waning as an active research field for the past decade, the contributors to *Rhetorics of Whiteness* assert that it hasn't lost its relevancy because racialized whiteness and issues of systemic racism persist in American society and culture today. Few whiteness studies texts have been published in rhetoric and composition in the past decade, so this collection should quickly become mandatory reading. By focusing on common, yet often overlooked, contemporary examples of how racialized whiteness haunts U.S. society, *Rhetorics of Whiteness* serves as a valuable text for scholars in the field as well as anyone else interested in the topic.

dele alli gary neville interview: *The Ciano Diaries, 1939-1943* Count Galeazzo Ciano, 2017-07-11 The inside story of international politics in Nazi-controlled Europe during World War II, told by the ultimate insider, Count Galeazzo Ciano—Italian Foreign Minister and son-in-law of Mussolini—who was ultimately charged as a traitor and killed by the Fascists in 1943. "In this state of mind, which excludes any falsehood, I declare that not a single word of what I have written in my diaries is false or exaggerated or dictated by selfish resentment. It is all just what I have seen and heard. And if, when making ready to take leave of life, I consider allowing the publication of my

hurried notes, it is not because I expect posthumous revaluation or vindication, but because I believe that an honest testimonial of the truth in this sad world may still be useful in bringing relief to the innocent and striking at those who are responsible.”—(signed) GALEAZZO CIANO, December 23, 1943, Cell 27 of the Verona Jail.

The book will include a new chapter covering events that followed the books publication: Keane's vindication by the FAI report; the punishment meted out by the FA and Mick McCarthy's resignation. dele alli gary neville interview: *Death Drive* Stephen Bayley, 2018-09 Cars have a talismanic quality. No other manufactured object has the same disturbing allure. More emotions are involved in cars than any other product: vanity, cupidity, greed, social competitiveness, cultural modelling. But when all this perverse promise ends in catastrophe, these same talismanic qualities acquire an extra dimension. The car crash is a defining phenomenon of popular culture. *Death Drive* is both an appreciative essay about the historic place of the automobile in the modern imagination and an exploration of the circumstances surrounding multiple celebrity denouements, including Isadora Duncan, Jane Mansfield, James Dean, Jackson Pollack, Princess Grace, and Helmut Newton, among many others. En route the narrative traces one very big arc - the role of the car in extending or creating the personality of a celebrity - and concludes by confronting the imminent death of the car itself. AUTHOR: Stephen Bayley recounts delightfully grotesque tales about celebrities done in by trees, by lampposts, or by nonentities in ancient Chevys. A design masterpiece, this book combines exquisite prose with stylish presentation - the cars are described more lovingly than the people who perished in them. Like a Bugatti, *Death Drive* recalls a time when books and cars were beautiful. SELLING POINTS: * Albert Camus once remarked that there's nothing more absurd than to die in a car accident. That was before his car hit a tree at 80mph. *Death Drive* - a compendium of stories about famous people killed stupidly in cars - oozes absurdity * A Times Book of the Year, 2016 * Big names like James Dean, Jackson Pollack, and Princess Grace are among the victims 72 colour photographs

dele alli gary neville interview: *Football Nation* Andrew Ward, John Williams, 2009-08-03 Football is at the heart of British national identity, intrinsically linked to our social history. Through more than forty fascinating stories *Football Nation* reveals the hidden and not-so-hidden history of the game since 1945. From the mass audiences of austerity Britain and the introduction of floodlights at Accrington Stanley in the 1950s, through the escalating hooliganism of the 1970s and the arrival of the first all-seater stadium at Coventry in the 1980s, to the Hillsborough disaster and the coming of the Premiership, Andrew Ward and John Williams reveal the truth about the national game as it was once and is today in the age of satellite TV, celebrity lifestyle and extreme wealth. Looking back at the days when footballers were amateurs who travelled to the match with the fans, right through to the present day where top-flight players command a higher weekly wage than the average spectator can earn in a year, *Football Nation* is informed, wryly amusing, often surprising and always vastly entertaining. It offers an entirely fresh perspective on the history of the beautiful game in Britain.

dele alli gary neville interview: *Bursting the Bubble* John O'Kane, 2021-09-13 My name is John Andrew O'Kane, I played football for the biggest club in the world but you probably don't remember me. I've shared a pitch with legends like Peter Schmeichel, Roy Keane and Eric Cantona. I've received the hairdryer treatment from Fergie and partied with the likes of Ryan Giggs and Lee Sharpe. I've roomed with David Beckham and knew him inside out. We did everything together. I then watched as he went on to another level entirely when his career took off whilst my own took me in a completely different direction. In the same summer that his erstwhile roommate became Real Madrid's latest galactico, John retired from football at just 29 due to his mental health and diminished appetite for the game, an age when defenders are usually reaching their peak. In truth, he had never been truly satisfied with his career in the game because his autism and naturally questioning nature led to clashes with authority, a cardinal sin in the strict world of the game back then. Back in the real-world John moved into 'normal' jobs as a roofer's mate and a labourer before finally taking on a job as a teaching mentor to vulnerable kids. Almost overnight he'd gone from living the dream to dealing with nightmare problems and horrific life stories, yet John describes this as 'The Best Job in the World'. In this searingly honest account of life inside the football bubble, John uncovers the real world of football beyond the glitz and glamour and the price to be paid for anyone with a mind of their own.
